Office: Milan

Clients Order Number: e-mail dd. 18.09.2013

Date: 28 February 2014

Order Status: Complete

Inspection Dates

First: 26 novembre 2013

Final: 28 February 2014

This certificate is issued to TRANSFLUID S.r.l.

to certify that Mr. G. Renier, A. Bianchin and A. Caccia Surveyors to this Society did, at their request, attend their Works at Gallarate - Varese - Italy, for the purpose of inspecting the following material:

ONE MULTIPLE PUMP DRIVE - TYPE MPD 18 - RATING 331 kW at 1800 RPM
SERIAL NUMBER: M 706

The following inspection and tests were satisfactorily carried out against LR Rules and applicable specification requirements and drawings approved by LR London office with DAD No. ENG 16100943 Issue 01 dated 06 February 2014:

- Basic material identification against mill sheets
- Review basic material chemical analysis (declared by Manufacturers)
- Select check samples
- Witness mechanical tests
- Review Ultrasonic test on base material
- Check dimensions
- Witness functional test
- Final documentation review

For identification and acceptance purpose the above material was hard stamped: "MLN1392892 LR GR", in addition to the marking required.
